Who's Who May, 1998 by Bob Gillis

First up on a personal note, I'm sorry that we missed the Installation Banquet. We had the tickets and were all set and then I got waylaid by an extremely nasty flu-thing Friday night. I made it to Share and the Post Office, and basically slept until Sunday afternoon. In any case, I'd sincerely like to add my congratulations to Lynda and the outgoing board for a job extremely well done, and add my hopes and well-wishes to Steve and the incoming board for a great year.

With the transition in mind, this month's interview features our outgoing president, Lynda Walsh. While Sandy already interviewed Lynda last

year, this conversation was geared more to Lynda's thoughts and impressions as she turns over the presidency to Steve Tingle.

"Working with you and for you"

Lynda signs off each of her

"Letters from Lynda." She's done a terrific job as Jaycee president this year, and I

caught up with

Lynda the night before the installation banquet.

BG: "Traditionally, the outgoing president becomes Chairman of the Board. What does that involve?"

LW: "Mainly overseeing a smooth transition. I make sure that the new

From the desk of the co-editors

Well, this is it! Our last Wise Fox. This has been a great learning experience for both of us and we've enjoyed ourselves. We are glad that 99% of our feedback was positive. We wanted to provide you with the Jaycee information and a bit of fun. Based on peoples' responses, we think

we were successful. We wish the new editor(s) the best of luck and give them this advice: Don't take any ONE person too seriously, make the project your own and most of all HAVE FUN! Good luck to the new board and so long!

There once was a gal named Lewinsky
Who played on a flute like Stravinsky
'Twas "Hail to the Chief"

We don't want to leave clues like Kaczynski,

guys follow the rules and procedures."

BG: "Looking back on the past year, what are you most proud of?"

LW: "We really have a stronger chapter. Attendance at the GMs is way up... It seems like we're more together. Last year I told everyone, 'If there are any problems, bring them right to me.' I think the 'open door' policy really worked. We could nip problems in the bud."

"Lynda you did an excellent job as Jaycee president. You've achieved many great things for the Jaycees."

BG: "On a related note, what is your favorite memory as president? What meant the

most to you?"

LW: "Receiving the Key Man award... It brought a real sense of pride. That's what kept me going..."

Lynda credits her board with much of this year's success, adding, "I had a SUPER board—a well-oiled machine... It was a really strong board - - that's what made us."

BG: Of the goals you set for yourself and the chapter, were there any you didn't meet?"

LW: "No, actually. I just wanted to be sure everything ran. We have some CD projects that the town is used to having... Those were great. In the ID area we had lots of socials and fun. Membership is very up; we have 25 new members.

I'm very happy."

BG: "What was your biggest surprise as president?"

LW: "I'm not the best speaker - I don't claim to be. But getting up there in front of everyone, I was impressed

with the attention span—it was incredible. The amount of respect I received meant a lot to me."

BG: "Lynda, can anyone really be READY to be Jaycee president?"

LW: "Not really. I don't think so. It's a learning

experience. But Beth was a great coach—I owe a lot to her."

BG: "Steve Tingle is the incoming Jaycee president. What advice would you give to him?"

LW: "Steve will be a great asset as president and will bring great new ideas.. I'd say to keep an open mind, and have fun with it, because the year goes by so quickly.... It's a tremendous draw on your time but it's so much fun. Last month I was thinking, 'I'm so comfortable with this, if they'd let me, I do it another year. Now I'm thinking, OK, it's time for something new.'"

Lynda, you did an excellent job as Jaycee president. You've achieved many great things for the Jaycees. Thank you for a terrific interview! ☺

Well, here we are our 12th and final issue. Now, I can say that all assassination and impeachment attempts were foiled. It was fun, challenging and a lot of work. See page 8 for further details. I'm glad that we took on this project and glad to see it over.

First and foremost, I would like to thank my wonderful wife. Without her assistance and support, I don't know what I would have done. This has been a real busy year with the pregnancy and arrival of Matt. I really appreciate all that you do Michele. I would also like to thank the people who contributed to this year's Wise Fox. Carl Bertoline, Dave Britton, Mark Emery, Lynn Freerkson, Bob Gillis, Jim and Chris Hebert, Bob and Cathy Hickey, Laureen House, Sue Kennedy, Paul Lanza, Jerry Norwood and anyone else I might have

INDIVIDUAL DEVELOPMENT

It was great having your support this past year, and I look forward to enjoying the great projects to be run by Tom Whiffen and Gayle Workman. Let's support them and attend the following:

MEETINGS & PROGRAMS - *Chairman Needed* - An excellent way to become a truly integral part of the membership. This involves setting up the meeting hall and providing refreshments once a month for each General Membership meeting. Also, use your creativity and obtain guest speakers and presenters for the membership's consumption. Contact Tom or Gayle if you would like to be the one to do this! Assistance is available from the Board of Directors, by the way, so don't feel that this would be too big a task, for it won't be. Try it, you'll like it!

DEGREES OF JAYCEES - *Tracey Apgar* - Get a form to update your status from Tracey! This ongoing project is a great way to be recognized and chart your progress as a Jaycee! Speaking of ongoing, as Tracey will now be your Dues Director, she is looking for another member to take this project over. More details at the G.M.

PUBLIC SPEAKING - *John Zarrella* - John has re-evaluated the interest level and has found it to be wanting of a public speaking presentation. We all look forward to hearing about this fantastic opportunity from John at the next G.M.

VOLLEYBALL - *Derek House* - Get it up and work it out at the Ahern School on Monday nights. From 7:30 - 9:30 p.m., \$5 will get you sweatin' with the oldies! For more information, call Derek!

INSTALLATION BANQUET - *George DiCicco* - Our 38th annual "to do" has already happened. As this report was written four hours prior to the bash, I'll only report that Chico and his committee have apparently put together quite the swar'e at the Foxboro Country Club, with estimates of 70 members attending. I hope that everybody enjoyed the evening and helped to welcome our new Board aboard!

FOUNDERS' DAY WORKERS' PARTY - *Tom Sawran* - The hard work we put in the morning and early afternoon is rewarded by this annual bash, which includes food and liquid refreshments. This also prepares us both physically and mentally for the glow stick sales that are sure to follow (It wouldn't dream of raining on our parade, right?). If you'd like details, contact Tom. All are welcome, and the house is located directly across the street from the new Senior Center. Wasn't it nice of the Town of Foxborough to pave a parking lot just for us? Wow.

PAWTUCKET RED SOX - *Chairman Needed* - Yup. The baby Sox are the place to be. A chairman is

needed now so that the trip can be coordinated before all the good seats are gone (and I'm not kidding). Contact Tom or Gayle if you are interested in this project that is a great opportunity for a new member.

PICK'EM UP SOFTBALL - Chairman

Needed - Yup. Jaycee field is the place to be every week as we give it our all to be all that we can be. Softball's the game, and chairman needs to lend his/her name. Good time, great people - just let Tom or Gayle know if you are interested. We do not begin this project until the volleyball folks wrap it up, usually the last week of school.

missed. We might take all the glory or criticism but your contributions were helpful. We appreciate your assistance.

I hope that you enjoyed this year's Wise Fox. We enjoyed publishing it for you. And remember it takes fewer muscles to smile than to frown.

Scott Rogers

From an edition of the Washington Post

A contest was held in which readers were asked to come up with excuses to miss a day of work (we have only included a few):

- * If it is all the same to you, I won't be coming into work. The voices told me to clean all the guns today.
- * When I got up this morning, I took 2 Ex-Lax in addition to my Prozac. I can't get off the john, but I feel good about it.
- * Constipation has made me a walking time bomb.
- * I just found out that I was switched at birth. Legally, I shouldn't come to work knowing that my employee records may now contain false information.
- * My mother-in-law has come back as one of the Undead and we must track her to her coffin to drive a stake through her heart and give her eternal peace. One day should do it.
- * I am extremely sensitive to a rise in interest rates.
- * I can't come to work today because the EPA has determined that my house is surrounded by wetlands and I have to arrange for helicopter transportation.
- * I prefer to remain an enigma.
- * The psychiatrist said it was an excellent session. He even gave me this jaw restraint so I won't bite things when I'm startled.

There aren't enough hours in the day. I know that having a web site has been controversial but I believe \$16 month is a worthwhile investment. I want to thank Beth Maddestra for having the insight and ambition to fund the site for the Haunted House. A Letter From Lynda

CONGRATULATIONS! GOOD LUCK! AND THANK YOU!

I would like everyone to join me in welcoming Jeanne Cherry and Matt Ferguson. Both were sworn in at the April G.M.

A reminder that our Road Race is May 2nd and I expect everyone to help out. We have a situation that is going to require extra manpower this year. The Soccer Association is holding 10 games during the same time as our race will be held. I'm looking for extra help in the parking area.

Also, Founders' Day is right around the corner, Lynn is looking for a chairman for concessions and the rest of the projects will be needing help for the day. I am in charge of the Float this year and will have a sign up sheet at the May GM.

If you attended the Installation Banquet this month, I'm sure you had a fantastic time. Chico and his committee did a fantastic job at showing us a great evening.

THANK YOU ALL!

The chapter had a super year. It was because of your individual contributions and the Jaycee Spirit that continues to be a large part of our success. I'm looking forward to next year and hoping to stay as involved as I have been this year. Each of you should be very proud of your accomplishments this year. And if you haven't heard it enough, and as Chico would say, Thank you, it's good, okay....

Some people have asked who did what and how we published the **Wise Fox**.

Well the **Wise Fox** was published using **Microsoft Publisher**, a pretty good program. It was run off an **IBM** clone put together by **Scott**. It featured a **Super Micro** motherboard, and a **Cyrix 166 CPU**. Printing was done by a **Hewlett Packard 694C**. Internet service provided by **9C9** in **Mansfield**.

We really worked on this as a team: a married Jaycee couple working together — 'go figure'. One of the more difficult parts was getting the reports on time. We requested the reports the Friday after the Board and they trickled in the beginning of the weeks. We took turns with the layout, importing the reports that were e-mailed or dropped of. **Michele** did the heavy duty typing. Jokes were from both of us and were also submitted by other members. **Michele** did the majority of proof reading and editing. **Scott** handled the labels, calendar and roster. Usually, **Scott** was the one taking the copy to the editor and mailing the **Fox** just in time, while **Michele** folded, stapled, stamped and labeled. We spent approximately 20-25 plus hours on each issue. There you have it a day in the former co-editors life.

Some winners in a contest for "theories" sponsored by Omni Magazine

Runners-Up:

****Why Yawning is Contagious:** You yawn to equalize the pressure on your eardrums. This pressure change outside your eardrums unbalances other people's ears pressures, so they must yawn to even it out.

****The Earth may spin faster on its axis due to deforestation.** Just as a figure skater's rate of spin increases when the arms are brought in close to the body, the cutting of tall trees may cause our planet to spin dangerously fast.

Honorable Mention:

The quantity of consonants in the English language is constant. If omitted in one place, they turn up in another. When a Bostonian "pahks" his "cah", the lost r's migrate southwest, causing a Texan to "warsh" his car and invest in "erl wells"

Grand Prize Winner:

When a cat is dropped, it always lands on its feet, and when toast is dropped, it always land with the buttered side facing down. I propose to strap buttered toast to the back of a cat; the two will hover, spinning inches above the ground. With a giant buttered cat array, a high-speed monorail could easily link New York with Chicago.

Also, Scott is looking for assistance with the web page, no computer skills necessary, just creative ideas.

To the Foxboro Jaycees,
Thank you all so very much for the wonderful time you gave to the senior citizens of Foxboro at the Senior Appreciation Day. The committee chaired by Susan Zachary did an outstanding job making the seniors feel welcome and special. On a personal note, I would like to thank you all for what you do for the people of Foxboro. I also thank you for the kind words expressed to me and the award presented to me. It will hang in my new office at the Senior Center.

GO PLACIDLY. AMID THE NOISE & HASTE, & REMEMBER WHAT PEACE THERE MAY BE IN SILENCE. AS FAR AS POSSIBLE WITHOUT SURRENDER BE ON GOOD TERMS WITH ALL PERSONS. Speak your truth quietly & clearly; and listen to others, even the dull & ignorant; they too have their story. ~ Avoid loud & aggressive persons, they are vexatious to the spirit. If you compare yourself with others, you may become vain & bitter; for always there will be greater & lesser persons than yourself. Enjoy your achievements as well as your plans. ~ Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. ~ Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity & disenchantment it is perennial as the grass. ~ Take kindly the counsel of years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue & loneliness. Beyond a wholesome discipline, be gently with yourself. ~ You are a child of the universe, no less than the trees & the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. ~ Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors & aspirations, in the noisy confusion of life keep peace with your soul. ~ With all its sham, drudgery & broken dreams, it is still a beautiful world. Be cheerful. Strive to be happy. ~
