Letter from the President

Hello to all,

Well this is my final letter to "you all" (to coin a phrase from our new President), and I want to say, "thank you" to my board. They have been an inspiration and an asset to me this year and I owe them a lot. If you did not come to the Installation Banquet, you missed good food, the highlights of this past year and of course, a lot of laughter. Fred, you did a great job, thank you for all your work.

Many things are brewing this spring with founder's Day only weeks away. This is one of our most manpower intensive times in our Jaycee calendar and I ask you all to help out where you can. Many people I have talked to are wondering if we are going to have a float this year and so am I. I hope someone can take on this project so that we can have good representation in the parade this year. I thank all the other people that have stood up and accepted the other chairmanships for Founder's Day like Fred Badger (concession stand), Yvonne Carl (Glow Sticks) and Bob and Cathy Hickey (work party). There is so much that has to happen and it can not happen without all of us chipping in. There is so much more to do. Please contact these people or the new area VPs and see where you can help.

Scott Rogers has gotten the approval from the school system this year to conduct the Mother's and Father's Day Essays again this year and has been working hard at getting the information out to the appropriate people. If you want an evening of fun and laughter, then sign up for his committee and pick the best writer out of the hundreds of applicants.

Concert on the Common is coming along well. All bands are booked and with the help of Lynda Walsh and her company, the order for window signs should be done shortly. Watch your local newspaper for the press release telling the community about the concert series!

To the new board, congratulations for standing up and being an integral part of the Greatest Young Persons Organization within the world! I wish you my best for a fruitful year and good luck in your future endeavors.

God Bless,

Carl Bertolino
